THE BRITISH MOTOR CORPORATION (AUSTRALIA) PTY. LIMITED

FOR THE ATTENTION OF SERVICE AND PARTS MANAGERS.

## SERVICE TOOLS

for

### BORG-WARNER "35" AUTOMATIC TRANSMISSION

This entirely new transmission will shortly be available on the above models and to enable you to do the required servicing, it will be necessary for all dealers to purchase the kit of Service Tools listed below:-

BWA33	End Float Gauge
BW34	Band Adjustment Spacer
BW35	Bench Cradle
BW37	Clutch Spring Compressor
BW38	Pressure Gauge Conversion Kit
BW547A-50-3	Inhibitor switch adaptor
BWA7196	Rear servo adjuster
TWA2	Torque spanner screwdriver adaptor
TW 1	Inch pound torque wrench

Total Kit Price. £21. 1.10

In addition to these Service Tools, an accurate electric tachometer is essential for testing and also for service adjustments.

A pressure gauge is not supplied as part of the kit unless specified by the dealer. The gauge originally supplied for the old Borg-Warner (D.G.) transmission is suitable.

The attached order form should be completed and returned to Healing (Sales) Pty.Ltd., in your state capital as soon as possible.

Yours faithfully,

N. Prescott.  
Service Manager.
