FOR THE ATTENTION OF SERVICE MANAGERS.

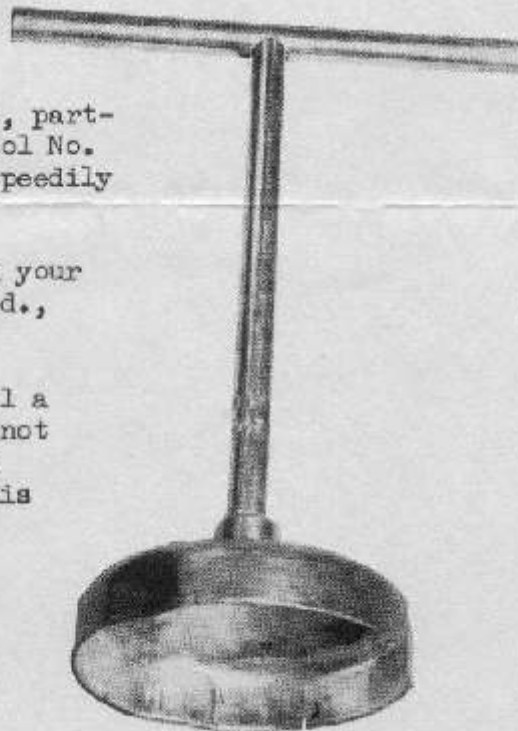

TOOLS

OIL FILTER REMOVAL

Should difficulty be experienced in removing oil filters from Austin Freeway, Wolseley 24/80, and Morris Major Elite models, particularly when hot, Service Tool No. 18GA999 may be used to more speedily effect this operation.

The tool is available through your usual Healing (Sales) Pty. Ltd., branch at a price of 29/6.

If the tool is used to install a filter, care should be taken not to over tighten it. One hand only should be used during this operation.
